For Immediate release

6<sup>th</sup> November 2025

### North Norfolk Lib Dem MP, Steffane Aquarone, cares more about goldfish than protecting our nation from Russia.

In a House of Commons debate on Monday 3<sup>rd</sup> November Steffane Aquarone complained and chastised the RAF and Britain's allied air forces. He believes they create too much noise as they train overhead the North Norfolk sky, scaring pets, wildlife and fish.

Reform UK North Norfolk Chairman, Jason Patchett, said "I served for over 20 years in the Royal Navy. I understand the absolute necessity to train and train hard. Do we really want an MP like Steffane Aquarone, someone so detached from the reality of global threats, happy to attack our brave airmen and women. The price of liberty and freedom comes at a cost, especially as we gather to remember this Sunday".
